NUMBER 44

City Council agrees to buy property for new landfill

The Elba City Council is reportedly facing a money crisis, but voted Monday night to buy some land needed for a landfill, some railroad property, and noted the need to buy either one or two new garbage trucks, costing between \$150,000 and \$175,000.

Land owned by the Mulberry Baptist Association is being considered for a new dry landfill. It is located to the left of the Samson Highway, adjacent to the railroad on the north. The council authorized Mayor Bob English to negotiate for the property.

Purchase is contingent upon getting right-of-way to the property and approval of Alabama Department of Environmental Management (ADEM). English said the land drained well and he expected no trouble with ADEM. The landfill is located several hundred yards from the highway, and written permission to cross must be given or purchased before the deal is closed. English added the city planned to sell some commercial and/or residential property to pay for this purchase. He added that additional space was needed because the area off Industrial Blvd. is fast filling up. He explained that to move forward any further would destroy some prime industrial property.

Railroad property from Plant Avenue to the levee will be purchased by the city and part resold to adjoining property owners. A 100-ft. wide strip of railroad bed will be bought for \$5000. Then 35 feet on each side will be offered to the adjoining property owners - Nasco on one side and Lamar Hall on the other. They will pay \$1250 each for the land. This will insure Elba permanent access to the levee and to the old railroad trestle that is a historic monument.

Council member Jack Prescott was joined by Council member John W. Sharpless in urging English to

consider permanently closing the gap in the levee, previously used by the railroad tracks, which have been removed. They noted the timbers were hard to insert during high water times and there was really no further need for the gap. They agreed that steps over the levee would help those wanting to view the trestle.

The garbage truck problem could come to a head soon or within the coming months. A Montgomery firm is negotiating with the county commission on taking over the landfill, and English said they had told him the operation would be moved to Dale County. This would cost more in travel time, and would probably include an increased monthly rate. Also, he reported the health department is upset over leaks in the present trucks and repairs are becoming almost impossible. The council recommended English get a bid from this firm on handling the local garbage pickup also. It was agreed this could save the local citizens money in the long run.

Recreation director Dennis Smith presented recommended rules for the new swimming pool. The council approved his suggestions which included hours of operation and charges of 50¢ for children and \$1 for adults. A \$30 season ticket is available and night party reservations can be made for \$35, which includes two lifeguards.

Smith estimated it would cost \$500 a week plus chemicals to operate the pool and he hoped the fees would make the facility break even, at least during the first part of the summer. There will be three trained lifeguards on duty at all times.

Mayor English was less optimistic on the costs. He noted that others who operate similar size pools

indicate they were happy to lose only \$200 a week on the facility.

Prescott asked if the city furnished ball equipment for all local programs. Smith explained the city furnished everything for the youth programs, but not the adults.

The Elba General Hospital has contracted with Campbell Ambulance service to provide transfer service between hospitals. The city was asked to help with a \$1,000-a-month subsidy and approved English's recommended \$200 a month. He noted it would save the city this much in gas and oil for the local Rescue Squad which has been making such runs. However, Campbell's has qualified paramedics which the local squad doesn't. Also these people are paid workers, whereas the local Rescue Squad is all-volunteer people who must leave their jobs to make runs.

It was explained that the local rescue squad would still handle all runs to the hospital and Campbell's would make the transfers. English said this was very satisfactory with the local Rescue Squad, hospital and with Campbell's.

Locking and unlocking the gate at the Elba Country Club each day was discussed. Police Chief John White said it actually saved time to do this.

Investigating of vandalism at the club takes a lot of time; handling of the gate-locking keeps out most of the vandalism. The council had no objections as long as it was done during routine patrol of the area.

The council formally approved action of the zoning board in rezoning property on Bypass Street from MH-1 and R-1 to B-2. English said this was for construction of a day care center. Also approved was borrowing of money to pay for the new street sweeper and fire truck. This is a 30-day loan until a certificate of deposit matures.

Dorsey meets with Elba employees

Several meetings were held recently with Dorsey Trailer employees to discuss economic conditions and prospects. To keep the people of Elba completely and accurately informed on the status of the trailer industry, the following

statement was released by management:

"Dorsey Trailers, founded in Elba in 1911, is currently celebrating 75 years of business life. For three generations, Dorsey has been a

principal provider of jobs in our community and the surrounding area. To have succeeded for so long is an outstanding achievement. Many factors have contributed to Dorsey's success; however, far and away the most important factor has been the people, past and present, who have worked at Dorsey. They have been people who have cared about their jobs, who took pride in their work, and who contributed.

"Last week Dorsey Trailers' employees participated in meetings concerning future trailer manufacturing operations at Dorsey's Elba plant. The purpose of the meetings, according to Paul C. Morrow, vice president-general manager, was to communicate with each employee about present economic realities facing the Elba facility. He indicated that in recent months the cost of producing trailers at the Elba facility had increased. This increase, in combination with a very competitive market, has resulted in the plant operations becoming unprofitable.

"He further explained how each individual employee can play a decisive role in stabilizing jobs at Dorsey's Elba plant through better productivity, higher product quality, and improved employee safety. Morrow expressed confidence in the skills, talents, and quality of Dorsey's employees and in his belief that with each person re-dedicated to achieving higher levels of productivity, improved product quality through better workmanship, and safer work habits, the Elba plant will re-establish profitability at an acceptable level.

"Morrow's message was well received."

LITTLE MISS ELBA CROWNED . . . The annual Little Miss Elba pageant was held on Saturday night, April 26, at the Elba High School auditorium and crowned as the 1986 Little Miss Elba was Amanda Joy Tolbert.

Mandy Tolbert is Little Miss Elba

The 28th annual Little Miss Elba pageant was held Saturday night, April 26, at the Elba High School auditorium and crowned as the 1986 Little Miss Elba was Amanda Joy Tolbert.

Amanda, nicknamed Mandy, is the six-year-old daughter of Jimmy and Joy Tolbert of Elba, and has blond hair and blue eyes. She enjoys dressing up, coloring and playing with her baby brother; and when she

grows up she would like to be a nurse or a professional dancer.

First runner-up was Melissa Bimbo, six-year-old daughter of Mr. and Mrs. Jeff Bimbo, while second runner-up was Hope Lane Coleman, seven-year-old daughter of Mr. and Mrs. Chuck Coleman.

The remaining members of the top nine included Stacey Addison, Princess Fleming, Christina Cook, Mandy Taylor, Anna Scarborough

and Erin Vignola.

Photogenic winner was Renae Nicholson.

This year's pageant had a theme of "Land of Oz," and the stage was decorated with the scenery from "The Wizard of Oz," complete with live characters of Dorothy, Cowardly Lion, Scarecrow, Tin Man, Wicked Witch and Good Witch. The pageant was sponsored by the Elba Athletic Club.

Commission grants retirement

The Coffee County Commission met in regular session on Monday, April 28, at the courthouse in Enterprise and voted unanimously to pay ex-sheriff H.D. Tillman a monthly retirement pension of \$700.

Tillman, who is now 82 years old, served as sheriff of Coffee County for 24 years and has been eligible for a pension for 11 years under a legislative act, only to go without retirement benefits until Monday's meeting.

The commission agreed that Sheriff Tillman had served the county well during his years in office and stated it regretted the fact that the pension had not been started back in 1975.

The bi-monthly meeting began at 9 a.m. with all members present, and after the approval of the minutes of the April 14 meeting settled into a routine and quiet meeting.

County maintenance supervisor John Flowers reported the re-roofing at the county office complex had been completed. The re-roofing of the Farm Center arena has hit a snag, however, as Flowers told the commission additional work needed on the decking would add approximately \$3,000 to the bill.

The commission questioned the supervisor about means of cutting back in other areas and then approved the additional work.

Buddy Bowers, representing the Bullock Volunteer Fire Dept., stated the rural agency was in "dire need of a building to house the fire trucks." Bowers reported a 36' x 32' building would cost approximately \$4,000 and asked the commission for any financial aid possible.

The commission tabled any action until the May 12 meeting to allow the commission clerk to see if the Bullock Volunteer Fire Dept. had ever received any aid from the county.

Soil Conservation Service officials Steve Musser and Martin Moates told the commission that funds were finally available to begin gully stabilization on the Harold Godwin Road. Bids on the project will be let on June 24, with actual construction set to begin in August.

In other action at Monday's meeting, the commission: ***agreed to replace two-way radios in the commissioners' vehicles as needed (estimated cost of \$756 per radio); ***was told the elevator shaft at the Enterprise courthouse would be built within three weeks;

***approved a request to provide 40 feet of 15-inch pipe for the Goodman Fire Dept. (to be used in building a driveway);

***as told right-of-way deeds were

needed before work could begin on the Wesley Chapel Road.

***agreed to advertise two used vehicles for sale;

***instructed all department heads over budget in any area to be present at the next meeting;

***and, was told no word had been

received concerning a lawsuit concerning redistricting of the county.

The next county commission meeting will be on Monday, May 12, at 9 a.m. at the Enterprise courthouse.

City School Board adopts new set of policies after long study

The Elba City School Board held a special meeting at 11:30 a.m. Monday to handle several items of business. The regular monthly meeting will be held on May 8 at 5 p.m.

Superintendent Billy Crews announced 70 children attended the pre-registration in kindergarten for next year. However, he said he expected more than that to actually enroll.

Crews gave board members a review of his presentation to the public meeting held by Mayor Bob English to discuss the need for additional funds for both the city and the school. He explained he limited

his presentation to giving the dollars needed to replace the anticipated cut in state and federal funds.

The board heard a letter of resignation/retirement from fourth-grade teacher, Mrs. Callie K. Coleman. It is effective at the end of this school year. Her resignation was accepted by the board.

Board members formally adopted a complete new set of policies that have been undergoing revision for almost a year. They will be compiled into a single booklet and released to those involved.

Board chairman Butch Oggs presided over the meeting.

Passmore brings campaign for State Treasurer to Elba

A.J. "Jimmy" Passmore, a candidate for state treasurer, campaigned in Elba last week, running for the office he says, because "I believe we should have guidelines on this office so that it will not be handled as one's checking account in a local bank."

Passmore, a native of Montgomery, has lived there all his life. He is regional credit life manager, southeastern region of the Franklin Life Insurance Co. of Springfield, Ill. "My 25 years' successful experience in management working with people in Alabama and Georgia will qualify me for serving on this board," he said. "The treasurer has complete control of all state funds and investments."

"I am familiar with experience in stocks, bonds and investments on a daily basis, and I am bondable. In fact, I am now bonded with two different insurance companies in connection with my company business."

Passmore is married to the former Estelle Cameron of Bay St.

Louis, Miss., and they have four children. He is a Methodist.

BIKE-A-THON . . . Coffee County Sheriff Brice Paul tries out a bicycle to be ridden in the upcoming Cystic Fibrosis Bike-A-Thon in Elba. Also planning to take part in the annual fund-raising activity are: L-R: Butch Oggs, Probate Judge Marion Brunson, Sheriff Paul and Elba Mayor Bob English.

Upcoming bike-a-thon to benefit Elba Cystic Fibrosis fund drive

Committee Chairmen for the Elba Cystic Fibrosis Bike-A-Thon were recently announced. Kathy Weeks, 897-6746, will head the fund raising event. The following chairmen were also named: Joann Driggers - prizes, Mary Holley - publicity, Lois English - recruitment and Cara English - location.

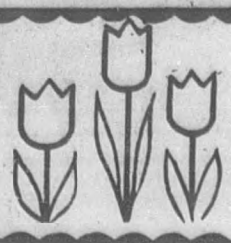

Fund-raising events are conducted by the Cystic Fibrosis Foundation on behalf of hundreds of children in Alabama who suffer from the hereditary disease-cystic fibrosis.

Cystic Fibrosis, as yet incurable, is a respiratory and digestive disease

which is inherited when both parents carry the recessive gene for CF. One of every twenty persons in the United States is a CF carrier without knowing it. Medical treatment has helped many CF patients. All children with cystic fibrosis are eligible for treatment at either of the two centers in Alabama affiliated with the Cystic Fibrosis Foundation.

The centers are located in Birmingham at the Children's Hospital in association with the University of Alabama, and in Mobile at the University of South Alabama.

Candace Berry
Receives Honors

Over 250 University of Montevallo students were recognized for their achievements on Honors Day April 10. Sixty-six were accorded highest honors for maintaining a 3.8 or above overall average on a 4.0 scale while 136 received honors for a 3.5 overall grade point average. Many other awards and scholarships were presented.

Those students receiving honors, included Candace Berry of Elba, Golsen Scholars Seminar.

Grantham Is Honor
Agent Of Quarter
At Liberty National

Larry K. Grantham has been recognized as honor agent of the quarter for the Enterprise district of Liberty National Life Insurance Company. Larry earned this honor for his fine sales record and superior service to policyowners.

Larry and his family are residents of Elba.

Toastmasters
Name Change

The Elba-Enterprise Toastmasters Club has voted to rename the club the "Coffee County Toastmasters Club," since the club serves all of Coffee County, and has members from several communities in the county.

D.M. English was voted "Best Speaker" at the regular bi-monthly meeting of the Coffee County Toastmasters Club, speaking on the subject of "Pet Peeves about Government."

The best extemporaneous talk was also given by D.M. English, who spoke on "TV Evangelists and Money Accountability." The best evaluator was Dr. M.V. Miles. Roy Fuller was in charge of the program.

The Toastmasters program provides opportunities to develop skills in listening, thinking, speaking, and leadership, by participating in a series of oral communication projects, constructive evaluation and leadership experience.

The club meets each first and third Monday evening at 7 o'clock in the conference room of the Elba Public Library. For more information, call Bob Prichard at 897-3653, or 897-2057.

Brandon Holliday Is Two Years Old

Brandon Holliday, son of Steve and Traci Holliday of Andalusia, was two years old Sunday, April 27, and celebrated his birthday with a party at the home of his grandparents, Leon and Faye Holliday, Rt. 1, New Brockton.

Theme of Brandon's party was "Care Bear," and decorations included balloons and a cake featuring miniature clowns and balloons. Other party fare included ice cream, potato chips and candy.

Those helping Brandon celebrate besides his parents and grandparents were: great grandparents, Mr. and Mrs. J.D. Dyess of Andalusia; Freddy and Rhonda Newman and Erica; Kim Farris, Will and Trent; Kathy and Melissa Mularz; Lisa and Ashley Harrelson; Villa and Kim Henderson; Elaine, Annah, Nicky and Christine Semonele; Cindy, Adam and Mark Brunson, all of the Elba area.

Brandon is also the grandson of Mr. and Mrs. Elmer Twilley, and the great grandson of Mrs. Alma Harrelson, Rt. 1, Repton, and of Mr. and Mrs. Ethridge Twilley, Elba.

ZC Beauty Pageants

To Be Held May 1

The annual Miss and Little Miss Zion Chapel pageants will be held on Thursday night, May 1, at the Zion Chapel Elementary School at 7 p.m. Admission is \$2 per person.

Miss & Little Miss

Kinston Pageant

To Be Held

The 1986 Miss and Little Miss Kinston beauty pageant will be held Friday evening, May 2, at 7:30 in the Kinston High School auditorium. Admission at the door will be \$2.00.

Jean Lake Festival

To Be Held

The fourth annual Jean Lake Festival will be held May 3-4 at the Pike Pioneer Museum in Troy. The festival is sponsored by the Troy Council on the Arts and Humanities and the Pike County Chamber of Commerce, and is a tribute to the late Jean Lake, a Troy artist.

A new addition to this year's festival will be the crafts booths and exhibits.

Entertainment is provided with the cost of admission, and a children's children's art area also will be featured.

"The children's area is designed so that parents may leave their children in a supervised area during games, clowns, face painting and story-telling," said Mrs. Cathy Beckett of the Troy Chamber of Commerce.

The festival also will include a performance by "The Tams," a musical recording group of the 1950s and 1960s.

"All these things are included in the admission price, which is \$2 for adults and \$1 for students, and \$5 for the entire family," Mrs. Beckett said.

The festival will open at 9 a.m. both days and will conclude at 5 p.m. Sunday.

CANCER CRUSADE VOLUNTEERS . . . check on the progress of the drive in Elba. Volunteers are going door-to-door in residential areas in an attempt to raise money for the Cancer Society, and merchants are being contacted by mail. Donations may be given as memorials or remembrances and are tax deductible. Anyone wishing to make a donation may call Gene Kennett at the Elba Chamber of Commerce.

Elba High Symphonic Band Receives

Excellent Rating At State Band Contest

The Elba High School symphonic band received a rating of excellent for its performance at the Alabama State Band Contest held last week at Troy State University.

The Symphonic Band played before three judges in Smith Auditorium, Saturday, April 19, and received a 2nd division rating of "excellent" for its performance. "I

am very pleased with the work these students have done," said Elba Band Director, Danny Davis, "just to qualify for the State Band Contest is quite an accomplishment."

The Symphonic Band also received an "excellent" rating in sight reading competition. They were judged on how well they played two pieces of music after having only eight minutes to look them over.

Guess Who?

This "guess" who is a senior at EHS. He is 18 years old and is the president of the Student Council. He is also an avid Bana fan. Can you guess who?

Unfailing Love

BY: Marty Harrelson

One of the most terrifying things that can happen to a person is to be rejected because of failure. No second chances are permitted. God has punished, but never rejected.

"Though he cause grief, yet will he have compassion according to the multitude of his mercies" (Lamentations 3:32).

We may feel like the prodigal son. Perhaps we have insisted on our own way. We may have taken the blessings and benefits God has provided and wasted them.

Finally, we come to our senses. What will be the response? Will He reject us for our failure? We may even feel like saying what the prodigal said: "I am no longer worthy to be called your son."

God never rejects those who come to Him. His love is unfailing!

ICT Blood Drive Is Success

The ICT students sponsored a Red Cross Blood Drive, April 23, 1986. The students felt this was a great learning opportunity and a chance to help someone who needs blood.

The Cooperative Education Program would like to thank everyone who participated in the Blood Drive and made it a great success.

HAIKU POEMS

By: Mrs. Rainer's 5th Grade Reading Class

Haiku (hi'koo) is a very old form of Japanese poetry in which the poet expresses in a few words some thoughts about nature.

A Haiku poem has only three lines. The first line has five syllables, the second line seven, and the third line five.

For Public Education Week, we would like to share our Haiku poems with you.

JoAnne Rainer

Nature is birds and bees, flowers and trees. It is almost everything.
Jennifer Prichard

I have a pet dog. He's not mean when you pet him, but don't make him mad.
Ron Bryan

The beach is great fun, Blue water, like sparkling glass, Sand as white as snow.
Leah Crowe

Hey, big old turtle, How do you like springtime? Oh, I like it fine.
Laura Hall

Nature is something special: birds, bees, flowers, trees. It's very special.
Lesley Brooks

Hi Bunny Rabbit, Why did you come so slow? You should be coming fast.
Belinda Hudson

A rose is a rose. It starts from a bud and grows, and then it leaves us.
Heather Stinson

Snow days there are none. Real sunny days there are lots. Cold days are over.
Tamara Rowe

Hello Mr. Tree! Have you any acorn now? The squirrel needs some bad.
Rex Oggs

Well! Hello puppy. Tell me, why do puppies bark?

To scare people off. *Jana Spurlin*

The birds are singing. Their feathers are softly flinging. They are winging South. *Jill Santa Rosa*

God brought man, God brought animals on this great earth. God brought all great things. *Lakia Hammonds*

Well! Hello up there little bird. You must be proud. Are you a mother? *Timmy Miller*

The deer was running. Running fast through the forest, because he saw me. *Hope Taylor*

Trees are green and big They come out this time of year. Look outside, you'll see. *Misty Miller*

Hello Mr. Tree, You tall and sturdy thing you. I hope you are well. *Jason Koch*

Hippopotamus! Your skin is very ugly. Hippopotamus! *Kevin Bryan*

Hi, my little bird. Won't you sing for me today? You sing so sweetly. *Carmeline Ziglar*

I like little worms Because they don't have bad germs. And I like their squirms. *Marsha Lewis*

The stream is bright blue. It's icy cold on my feet. I like it that way. *Mandy Shirley*

Look at the clouds up in the sky. How did they get there? Are they real high? *Jo Donaldson*

Hello Mrs. Tree, standing straight and tall, as your back sways with the wind. *Alan Roberson*

Animals may walk. Animals may swim or fly. They move their own way. *Joe Jacobs*

Mr. Cat is smart A smart cat is Mr. Cat. But he died today. *Suzanne Mace*

There was a deer who had a beautiful tail. It shined like the huge sun. *Adrian Carley*

Hello, Mr. Frog! I hope those warts are not a contagious disease! *Phillip Adeock*

"What are you doing, Mr. Crocodile?" said I. "Nice day isn't it." *Joey Bozeman*

There's Mrs. Bullfrog Hopping on stones in the creek Such a funny sight. *Jack Stokes*

How can it be so? Such a small stream in the woods, Provides for all things. *Grant Coleman*

Hi, my little bird. Won't you sing for me today? You sing so sweetly. *Carmeline Ziglar*

Horticulture Tips

DAN J. PRESLEY
County Agent

TIPS FOR GROWING TOMATOES

The most popular vegetable grown in Coffee County gardens is the tomato. When properly pruned and staked, just a few plants will provide an abundance of fresh tomatoes as well as make lovely landscape plants.

Here are a few tips to help you get high yields and top quality tomatoes in the months ahead:

1. Plant recommended varieties. Atkinson, Bonnie's and Better Boy are well adapted for home garden use. They are all nematode resistant.

2. Buy good plants. Select plants that are stocky, thrifty, and disease free. Stay away from plants that have spots on their leaves and stems or knots on the roots.

3. Select a site that is bright and sunny. Be sure a good supply of water is nearby. Prepare soil by digging or plowing the area 8 to 10 inches deep. Remove all grass, roots and weeds. Mix rotted sawdust or compost with the soil.

4. Before planting, soak the root system. If you have root plants, soak them in water at least 30 minutes. If plants are in peat pots, soak the roots (peat pot and all) for at least an hour.

5. Fertilize properly. Water young plants weekly with a solution made from 2 teaspoons of complete fertilizer (8-8-8 or 10-10-10) per gallon of water. Side-dress tomatoes with ammonium nitrate every 3 to 5 weeks as needed to keep them growing. Use about one tablespoon per plant. Sprinkle it in a wide band about 8 inches from the base of the plant. Begin side-dressing when the first fruit is about 1 1/2 inches in diameter.

6. Inspect plants regularly to avoid severe disease and insect problems.

7. Water the soil often enough to keep moisture available to the plants. This helps eliminate fruit cracking and blossom end rot. A 2 to 3 inch layer of mulch will help control weeds and maintain moisture. Sawdust, hay or pine straw can be used.

8. Begin spraying your tomatoes when they get 8 to 10 inches high or first bloom with Zineb, Maneb, or Bravo every 7 to 10 days. This will control leaf blight.

9. Stake or cage your tomatoes. You can buy cages or you may want to make them out of concrete reinforcing wire.

Humane Society To Meet May 6

The Coffee County Humane Society will meet on Tuesday, May 6, at 7:00 p.m. in the basement of the city hall building. All interested persons are invited to attend.

All Around Coffee County

THOMAS C. CASADAY
COUNTY AGENT-COORDINATOR

MARKETING

About 140 farmers and peanut handlers attended the annual peanut marketing meeting held Thursday night in New Brockton. The meeting was devoted entirely to marketing peanuts.

Bob Hunnicutt of Hunnicutt and Associates of Ashburn, Georgia, indicated that cuts in acreage on runner peanuts of 8-10 percent would be in the growers' best interest for the 1986 crop. However, Hunnicutt pointed out that the number of acres planted is an individual decision based on a lot of factors. He was emphatic, though, in his appeal for farmers to reduce acreage a few percentage points for marketing to be more profitable.

James Earl Mobley, president of the peanut association, and Randy Griggs, executive director, thanked growers and individuals for their work the past two years in bringing about the acceptable peanut program.

I was well pleased with the attendance because it shows that Coffee County producers are intensely interested in their peanut marketing options.

WINNERS

I am very proud of Coffee County's Two Ton Peanut Club winners. Of the 33 producers in the state in the 50 to 150 acre category, Coffee County had 11 winners—33 percent of the total.

Coffee County's Two Ton Per Acre Winners for 1985 are Tom Grimsley, Loyd Arnette, Dykes Adkinson, Mack Lott, Eugene Farris, Billy Wyrosdick, Bobby Boutwell, Bob Helms, Eugene Bradley, Frank and Al Britt, Carl Kenneth and Marion Sanders, Jimmy Henderson, Claude R. Nicholson, and Mastie Bozeman.

Congratulations to these growers for making the Peanut Club.

CORRECT DEPTH

Dr. Charles Mitchell, Soils Specialist, told me recently that one of the most common problems in taking crop soil samples is to take one to the correct depth. The correct depth is the breaking depth for that field. If you sample too deep, the soil test results will show a soil low in phosphorus. Sampling too shallow will also give a reading that doesn't represent a true picture of the fertility level of your soil.

TRACTOR SAFETY

The National Farm Safety Council cautions tractor drivers to be prepared for a safe day in the field. Specific reminders are 1) Equip your

tractor with a fire extinguisher and first-aid kit; 2) Stay away from ditches, embankments and holes to avoid upset. Stay off hills and slopes too steep for safe operation; 3) Do not permit others to ride. Keep children off and away; 4) Watch where you are going at all times; 5) Hold road speed at a controllable rate; 6) When stopped, shift to neutral or park and set the brakes. Take the key with you; 7) Refuel with care. Cut the engine. Remove the tank cap slowly. Wipe up spills. No smoking! 8) Start the tractor only when in the seat with the gearshift in neutral and the clutch pedal fully depressed.

FIRE ANT PROGRAM

The State Department of Agriculture in Montgomery has arranged a special fire ant program which can be very helpful to some Coffee County landowners. Through the Cooperation of American Cyanamid, the state is making it possible for landowners to buy Amdro fire ant bait in 25 pound bags at \$2.53 per pound. The minimum amount available is a 25 pound bag. There is no maximum limit.

Those of you who are interested, whether you are a landowner or home owner, can order the Amdro. To place your order, call us at 894-5596 or come by the Extension office in New Brockton.

CATFISH MEETING

For Coffee County catfish producers and those thinking about growing catfish, May 29 is an important day. Dr. John Jensen, our catfish production and marketing specialist, will be with us Thursday night, May 29, for this special meeting.

I would like to see every person who is interested in learning more about the catfish industry and the potential for growing catfish to attend. The program will be held in the Community Room at the Farm Center at 7:30. Mention this meeting to your friends.

FIRE ANT BAIT

We are still taking orders for 25-pound bags of Amdro. Amdro is very effective in controlling fire ants. If you are interested in this, call us at 894-5596 and we will put your name on the list and order the bait.

MOWER SAFETY

Don't become a victim of mower accident. We usually have 2 or 3 people who suffer painful and damaging injuries due to carelessness with a lawn mower. You can get in trouble even on a riding lawn mower when you are operating on a slope. I had some experience with this a couple of years ago. I was mowing the lawn when it was a little damp and on a slope and got pinned between the mower and the mail box post. You can get into trouble in a hurry with riding mower as well as push mowers. If you have small children, don't let them stand in the yard and watch you now. Nails, stones, and pieces of glass can be hurled at you like a bullet. Be very careful when mowing your lawn.

There will be a Marching Band Concert at 7:00. The money raised will help support the Zion Chapel Rebel Marching Band.

To make your glassware sparkle, add a few drops of household ammonia to the dishwasher.

Pictured is Cecilia Patterson (far right) with the Reserve Champion steer of the middle weight class at the Tri-States Beef Cattle Show in Dothan. Cecilia is a member of the Kinston FFA Chapter.

Pictured is the Specialized Ag-Business class at Kinston High School taking a soil sample from a garden in the Kinston Community. This is one of the many Community service projects performed by the Kinston FFA Chapter.

Senior Citizens Hold Meeting

Senior Citizens of Cordelia Street met for their weekly meeting and lunch on April 24.

Some members were sick and others were busy with work in yards and gardens.

Meats were ordered and delivered to members from Elba Packing Co.

Members discussed possible projects for the near future.

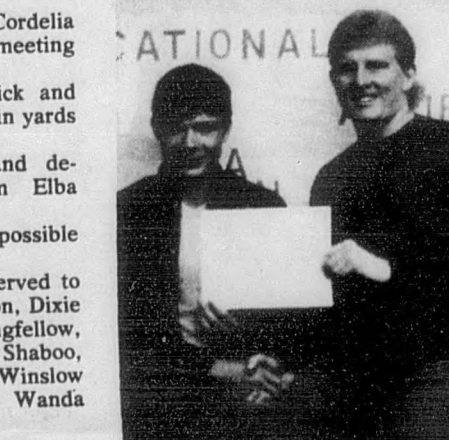

A delicious lunch was served to the following: Rushie Blanton, Dixie Mae Maddox, Mary Longfellow, Minnie Davis, Frances Shaboo, Pinkie Spinks, Marvin and Winslow Matthews, M. Boling and Wanda Sasser.

ZC To Have Band Day May 3

Zion Chapel Band Day will begin on May 2, 1986 at 7:00 in the high school gym. The Band Boosters will host a fun filled show.

On May 3, our days activities will begin at 1:00. There will be games, crafts, entertainment, concessions and a Fort Rucker display. We will have a chicken supper with serving at 5:00.

There will be a Marching Band Concert at 7:00. The money raised will help support the Zion Chapel Rebel Marching Band.

Pictured is Ray Davis. He is a senior at KHS. Ray is receiving the Corn Growing Champion Certificate of the Kinston High FFA Chapter for the 1985 year. Presenting the award is Mike Harrelson, Agribusiness teacher and FFA advisor at Kinston High School.

To make your glassware sparkle, add a few drops of household ammonia to the dishwasher.

Get Help To Control Florida Beggarweed.

The answer to getting help for control of Florida beggarweed is to take advantage of the Dual® Problem Weed Control System. Dual will give you the best available options for helping to control beggarweed, while giving you excellent control of yellow nutsedge, goosegrass, and crabgrass.

Dual gives you control options. You know beggarweed is a tough one. That's why the Dual System approach can help. When used alone, Dual 8E® offers you more help controlling more

problem weeds. And Dual with Dyanap® in either a tank mix or a sequential application, will give you good control of Florida beggarweed and excellent control of yellow nutsedge. With Dual you get effective, long-lasting weed control. So use Dual on your peanuts this year, and don't let those beggarweeds bother you anymore.

*Partial control. In the Southeast, use 2-3 pints of Dual per acre.

This week I'm one day and "one hour" late writing my column and I need a nap. Oh well, maybe I can write it between yawns!

ELBA BASEBALL TEAM SNAPS LONG LOSING STREAK

The Elba Tiger baseball team was mired in a 5-game losing streak, while the Enterprise Wildcats were coming off a big win over Northview. Not a good time for the Tigers to visit their 6A neighbors? Wrong! Elba came out hitting and buried their 6A rivals 12-5 to add a little glitter to an otherwise disappointing season. Never count the Tigers out!

I'm not trying to make excuses for Elba's record; however, the Tigers have played 9 games against 5A schools and 4 games against 6A schools. That's a tough schedule for anybody, much less a school that's going down to 3A next season.

COOK CHEVROLET WAKES UP IN MEN'S SOFTBALL LEAGUE

The Men's Softball League completed its second week of action last week and a perennial power woke up as Cook Chevrolet ripped previously unbeaten Hammond's Body. Cook has beefed up its roster and should be better than ever by late in the season when the new players get used to each other.

A JOB I'M NOT COMFORTABLE AT

I pride myself at being able to fit in with any crowd and feel comfortable at any event; however, the Elba Athletic Club assumed sponsorship of the Miss Elba and Little Miss Elba pageants this year and I wasn't comfortable at either event. It wasn't that I don't enjoy being around pretty girls -- I just feel bad because every girl can't win, and I feel bad for the girls who don't. Oh well, at least I get to meet a lot of nice people.

Elba Fire Dept. To Host Men's Softball Tournaments June 6-7

The Elba Volunteer Fire Dept. will sponsor its first annual benefit softball tournament on Friday and Saturday, June 6 and 7, at the Elba softball complex.

The tournament will be divided into two divisions: Men's B and above, and Men's C and below, with the entry fee for both tournaments being \$75 (hit your own restricted flight ball).

Trophies will be given to the top four teams in each division and all players on the top two teams in each division will receive T-shirts.

Deadline to enter is Monday, June 2, at 10 p.m., and to enter call: J.L. Johnson - 897-6028, Bennie Wilkerson - 897-6202 (n), Ricky Mulzar - 897-5977

End Season At 6-10

Tigers Pound Enterprise 12-5

The Elba Tigers took out the frustration of a 5-game losing streak on the Enterprise Wildcats last Friday afternoon as they rolled to an impressive 12-5 win, at Enterprise.

The win gave Elba a final record of 6 wins and 10 losses and was the Tigers' second win over the 6A Wildcats.

The Tigers opened the game ready to play and combined 7 hits and 3 walks to pull out to a 9-0 first-inning lead!

A walk to lead-off batter Mike McCollough started the onslaught and was followed by back-to-back doubles by John Osburn and Scott Kelley. Jetey Wise and Craig Murdock came through with one-out singles to keep the drive alive, and a walk to Greg Hanchey and a single by Derek Young loaded the bases with Elba already on top 4-0.

A walk to Jack Lee forced in a run, while a single by McCollough was good for 2 rbi's to up the lead to 7-0. John Osburn then came through with his second hit of the inning and the Tigers' lead had ballooned to 9-0!

Enterprise refused to give up and chipped away at the Elba lead, pulling within 9-3 after three innings.

Singles by John Osburn, Art Brunson and Craig Murdock resulted in an Elba run in the fourth inning to up the lead to 10-3; however, the Wildcats again battled back and sliced the lead to 10-5 in the sixth.

Art Brunson reached on an error to open the seventh inning for Elba and Jetey Wise was hit by a pitch to start a rally. Craig Murdock and

SLIDES IN SAFELY... Elba's John Osburn slides into second base ahead of the throw during recent Elba Tiger baseball action. Osburn collected three hits Friday to spark the Tigers to a season-ending 12-5 win over the Enterprise Wildcats.

Greg Hanchey followed with rbi single, and the Tigers had the 12-5 win.

John Osburn and Craig Murdock got 3 hits apiece for Elba, while Greg Hanchey added 2. Derek Young EI 900 100 2-12 13 4

Henderson Scores Late To Nip Elba Tigers 7-4

The Elba Tigers battled the highly-touted Charles Henderson High Trojans to a draw through six innings, but couldn't hold on and suffered a 7-4 defeat, last Thursday in Elba.

Henderson came out swinging to open the game and bunched 4 first-inning hits to jump out to a quick 3-0 lead.

A walk to John Osburn followed by a double by Scott Kelley cut the

deficit to 3-1 in the bottom of the first and the Tigers pulled even in the second inning when David Ammons singled and walked home on a quick 3-0 lead.

A walk to John Osburn followed by a double by Scott Kelley cut the

Tri-County

Merchants To Hold

Softball Tourney

The Tri-County Merchants Invitational Softball Tournament will be held May 9-10 at Ozark's Steagall Park, and all men's Class C and below softball teams are invited to enter.

Entry fee is \$65 and one new red-stitch ball per game, and ASA rosters will be required.

Trophies will be awarded to the top four teams and members of the top two teams will receive T-shirts. To enter, call the Ozark Recreation Dept., 774-2323 (day), Sonny Raley 774-2321 (night) and Sonny Scyphers 762-2919.

Softball Tourney

Set For May 9-10

In Andalusia

The third round of the first annual Andalusia Softball Extravaganza will be held on Friday and Saturday, May 9-10.

Entry fee is \$50 per team and a Worth or Blue Dot ball per game, and sanctioned rosters are required.

Trophies will be awarded to the top 3 teams and all members of the winning team will also receive a 48-quart cooler.

The top three teams will also qualify for the championship round, which will include 12 qualifiers from the 4-tourney event.

To enter, call J.T. Raley at 222-2030, or Alan Bracewell at 222-3844.

SouthTrust Bank Survives Scare To Remain Unbeaten

SouthTrust Bank survived a scare from the County Merchants to remain unbeaten last week and grabbed sole possession of first place in the Men's Softball League.

The Bankers led with a 4-0 record, followed by Hammond's Body Shop 3-1, City Merchants 2-2,

Cook Chevrolet 2-2, Domino's Pizza 1-3, Misfits of Medicine 1-3 and County Merchants 1-3.

Following are highlights of last week's action:

SouthTrust Bank County Merchants 9 7

Pirates & Cardinals Dominate Action In Dixie Youth Exhibition Play

The Dixie Youth Baseball League held exhibition games last week and if pre-season play holds true, it looks like the Pirates and Cardinals will be the teams to watch this summer.

The Pirates, coached by Jimmy Dubose, rolled to two easy wins and appear to be loaded in every area. The Pirates have quality pitchers in Chad Dawkins, Kyle Dubose and Ronald Thigpen and power to burn!

The Cardinals, coached by Harry Young, could be the "surprise" team in the league. The Cards have two veteran pitchers in Eric

Simmons and Dee Miller, and solid hitters in Tommy Young, Vince Hudson and Lance McCollough. Yep, the Cards could fly high in '86.

The Yankees, coached by Junior Moulton, should battle for a high finish and will be led by the return of pitcher Eddie DiStella and such hitters as Jason Burch and Hunter Hudson. The Yanks should once again post their share of wins!

The Tigers, coached by Tommy Dewberry, were hit hard by key player losses, but have an exciting team to watch, and paced by Derrick

Fishing Licenses Are Required For All Fishermen Over 16

By Dalton Halbrook
Ala. Dept. of Conservation and Natural Resources

The increased recreational activities on Alabama's lakes, streams, ponds and coastal waters include participating men and women, young and old, novice and experienced, residents and non-residents, who delight in fishing.

Some inadvertently or by design fail to purchase the required fishing license. Officials of the Dept. of Conservation urge residents and non-residents to obtain the appropriate fishing license prior to going fishing to ensure total enjoyment of the activity.

Licenses can be purchased at probate judge offices and license commissioners, at most sporting goods stores and marinas, some bait shops and other retail outlets.

The annual nonresident fishing license costs \$10, while a combination resident lifetime hunting and fishing license costs \$300. These licenses must be purchased directly from the Game and Fish Division, Department of Conservation in Montgomery.

All military personnel desiring to fish in Alabama are required to have the proper license in their possession. Individuals permanently stationed in the state or on temporary duty for at least 30 consecutive days may purchase a resident annual license; less than 30 consecutive days requires a Nonresident Fishing License.

All non residents and residents (except those stipulated below) 16 years of age or older fishing in public and private fresh waters of the state of Alabama are required to have a valid Alabama state fishing license on their person. The license requirement applies to any person other than the owner and members of his or her immediate family fishing in a private pond on the owner's land or to a tenant or members of the tenant's immediate family fishing in ponds on land leased or rented by the tenant who resides on such land.

Annual resident fishing licenses cost \$6, plus \$1 insurance fee. Residents may purchase a resident county (hook and line) license, good only in the county of residence for \$1, plus \$1 insurance fee. Residents

when Mike McCollough singled, Lee reached home to give Elba a 4-3 lead. Henderson pulled even at 4-4 in the fifth inning on a solo home-run and pulled out the win in the seventh when Sam Drake slapped a 3-run homer.

Jetey Wise's home-run was a big hit for Elba, while Scott Kelley and Jack Lee both added doubles.

Henderson came out swinging to open the game and bunched 4 first-inning hits to jump out to a quick 3-0 lead.

A walk to John Osburn followed by a double by Scott Kelley cut the

deficit to 3-1 in the bottom of the first and the Tigers pulled even in the second inning when David Ammons singled and walked home on a quick 3-0 lead.

A walk to John Osburn followed by a double by Scott Kelley cut the

SPORTS

Views From

The Pressbox

By Ricky Mularz, Editor

This week I'm one day and "one hour" late writing my column and I need a nap. Oh well, maybe I can write it between yawns!

ELBA BASEBALL TEAM SNAPS LONG LOSING STREAK

The Elba Tiger baseball team was mired in a 5-game losing streak, while the Enterprise Wildcats were coming off a big win over Northview. Not a good time for the Tigers to visit their 6A neighbors? Wrong! Elba came out hitting and buried their 6A rivals 12-5 to add a little glitter to an otherwise disappointing season. Never count the Tigers out!

I'm not trying to make excuses for Elba's record; however, the Tigers have played 9 games against 5A schools and 4 games against 6A schools. That's a tough schedule for anybody, much less a school that's going down to 3A next season.

COOK CHEVROLET WAKES UP IN MEN'S SOFTBALL LEAGUE

The Men's Softball League completed its second week of action last week and a perennial power woke up as Cook Chevrolet ripped previously unbeaten Hammond's Body. Cook has beefed up its roster and should be better than ever by late in the season when the new players get used to each other.

A JOB I'M NOT COMFORTABLE AT

I pride myself at being able to fit in with any crowd and feel comfortable at any event; however, the Elba Athletic Club assumed sponsorship of the Miss Elba and Little Miss Elba pageants this year and I wasn't comfortable at either event. It wasn't that I don't enjoy being around pretty girls -- I just feel bad because every girl can't win, and I feel bad for the girls who don't. Oh well, at least I get to meet a lot of nice people.

Elba Fire Dept. To Host Men's Softball Tournaments June 6-7

The Elba Volunteer Fire Dept. will sponsor its first annual benefit softball tournament on Friday and Saturday, June 6 and 7, at the Elba softball complex.

The tournament will be divided into two divisions: Men's B and above, and Men's C and below, with the entry fee for both tournaments being \$75 (hit your own restricted flight ball).

Trophies will be given to the top four teams in each division and all players on the top two teams in each division will receive T-shirts.

Deadline to enter is Monday, June 2, at 10 p.m., and to enter call: J.L. Johnson - 897-6028
Bennie Wilkerson - 897-6202 (n)
897-2321 (d)

End Season At 6-10

Tigers Pound Enterprise 12-5

The Elba Tigers took out the frustration of a 5-game losing streak on the Enterprise Wildcats last Friday afternoon as they rolled to an impressive 12-5 win, at Enterprise.

The win gave Elba a final record of 6 wins and 10 losses and was the Tigers' second win over the 6A Wildcats.

The Tigers opened the game ready to play and combined 7 hits and 3 walks to pull out to a 9-0 first-inning lead!

A walk to lead-off batter Mike McCollough started the onslaught and was followed by back-to-back doubles by John Osburn and Scott Kelley. Jetey Wise and Craig Murdock came through with one-out singles to keep the drive alive, and a walk to Greg Hanchey and a single by Derek Young loaded the bases with Elba already on top 4-0.

A walk to Jack Lee forced in a run, while a single by McCollough was good for 2 rbi's to up the lead to 7-0. John Osburn then came through with his second hit of the inning and the Tigers' lead had ballooned to 9-0!

Enterprise refused to give up and chipped away at the Elba lead, pulling within 9-3 after three innings.

Singles by John Osburn, Art Brunson and Craig Murdock resulted in an Elba run in the fourth inning to up the lead to 10-3; however, the Wildcats again battled back and sliced the lead to 10-5 in the sixth.

Art Brunson reached on an error to open the seventh inning for Elba and Jetey Wise was hit by a pitch to start a rally. Craig Murdock and

SLIDES IN SAFELY... Elba's John Osburn slides into second base ahead of the throw during recent Elba Tiger baseball action. Osburn collected three hits Friday to spark the Tigers to a season-ending 12-5 win over the Enterprise Wildcats.

Greg Hanchey followed with rbi single, and the Tigers had the 12-5 win!

John Osburn and Craig Murdock

got 3 hits apiece for Elba, while Greg Hanchey added 2. Derek Young pitched a 7-hitter and struck out 6 batters to claim the mound win.

Henderson Scores Late To Nip Elba Tigers 7-4

The Elba Tigers battled the highly-touted Charles Henderson High Trojans to a draw through six innings, but couldn't hold on and suffered a 7-4 defeat, last Thursday in Elba.

Henderson came out swinging to open the game and bunched 4 first-inning hits to jump out to a quick 3-0 lead.

A walk to John Osburn followed by a double by Scott Kelley cut the

deficit to 3-1 in the bottom of the first and the Tigers pulled even in the second inning when David Ammons singled and walked home on a home-run by Jetey Wise! Jack Lee followed Wise with a double and

when Mike McCollough singled, Lee raced home to give Elba a 4-3 lead.

Henderson pulled even at 4-4 in the fifth inning on a solo home-run and pulled out the win in the seventh when Sam Drake slapped a 3-run homer.

Jetey Wise's home-run was a big hit for Elba, while Scott Kelley and Jack Lee both added doubles.

Champions Crowned In Tennis Tournament

The Elba Tennis Association sponsored its annual "City Championship" tennis tournament recently and crowned champions in five levels of competition.

In boys' competition, Scott Kidd defeated Jason Grider 6-3, 6-3 and

Chris Thomas 6-1, 6-4 to claim the title. Thomas placed second and Grider third in the six-man event.

In women's singles action, Carol Mooney defeated Catherine Hudson 1-6, 6-4, 6-2, and Tiffany Harper 6-0, 6-0 to defend her crown. Harper

placed second and Ginger Wilson third in the event, which drew five entries.

In men's singles action, Bobby Apin rolled past Yong Bum Park 6-0, 6-0; Keith Hornsby 6-1, 6-2 and Bill Brunson 6-0, 6-1, to once again take the crown. Brunson placed second in the eight-man event and Hornsby third.

In men's 30 and over action, Hugh Martin defeated David Bandstra 7-5, 6-4, and Dondi Dunaway 7-6, 6-1 to take the title. Bandstra placed second and Dunaway third.

In men's doubles action the team of Bobby Apin - Bill Brunson defeated Phil Bogan - Scott Kidd 6-2, 6-0; Keith Hornsby - Dondi Dunaway 6-4, 6-4, and Greg Ellenburg - David Bandstra 6-0, 6-1 to claim the top prize.

The Ellenburg - Bandstra duo placed second and Hornsby - Dunaway third.

Entry fee is \$65 and one new red-switch ball per game, and ASA rosters will be required.

Trophies will be awarded to the top four teams and members of the winning team. The winning team will also receive a 48-quart cooler. The top three teams will also qualify for the championship round, which will include 12 qualifiers from the 4-tourney event.

To enter, call J.T. Raley at 222-2030, or Alan Bracwell at 222-3844.

NURSING HOME SPOTLIGHT

BY SHIRLEY WISE

Long ago, in another time and age, when life was slower and days were longer and the times were so different from today, in a pre-television era, pre-trans-formers, "G.I. Joe's," "He-Man's" and "Go-Bots," Mrs. Madie B. Green guided, vegetated, along with her husband, Mr. Essie, her three little boys in a home filled with the presence of God, church, love, happiness, security, the Ten Commandments and the Golden Rule.

One can sense and feel, even after all those years, the love, closeness and pride existing among the family members today.

The above sterling principles for an exemplary life did not begin and end only in Miss Madie B's home - she carried them into the one-room schoolhouse with her, where she was instrumental for approximately 40 years in molding and shaping many youngsters into a God-fearing, law-abiding, charitable, useful and productive citizen, parent, and community leader.

Quoting from a sister-in-law, Mrs. Beatrice Killingsworth: "Madie B. was a dedicated, concerned and helpful teacher. She, like many others before her and with her, worked in unbelievable situations: one-room schoolhouses with one teacher with grades 1-6; two- and three-room schoolhouses with two teachers; and five to seven months of school, with salary as low as \$50 per month - some months NO money for teachers. Warrants were issued, and many food, clothing and drug stores accepted the warrants at discount until the teachers were paid later.

Teachers boarded in homes near the schools. Parents helped out with food, meals and laundry. Teachers spent the night with pupils - everyone helped out. Consolidation of schools and buses made a great change.

But, this was the way it was back then - in the 30's, 40's and early 50's. These were the conditions under which Miss Madie B. strove, to instill in her pupils the love for God and country, and for learning.

All of Mrs. Madie B's years of teaching were in Coffee County, at the Double Head and Zion Chapel schools and after the approximately 40 years experience, she retired from the Coffee County Board of Education in 1973.

I imagine a lot of you readers will remember having Miss Madie B. as a teacher during some of those 40 years.

In describing Miss Madie B., she is a very attractive lady with hazel-colored eyes, and silvery gray hair which was once dark brown, and she has beautiful olive skin which a lot of teenage girls would like to have - including yours truly (although surely not a teenager!).

Vivian, a daughter-in-law, concurred about her lovely skin and said her husband, Dwight, had skin like his mother, and after only a few minutes in the sun, he turned a golden sunny color.

Miss Madie B. was born October 12, 1909, one of 10 children belonging to Mr. and Mrs. Samson Killingsworth, of the Victoria Community. Mr. Samson was a farmer and Mrs. Killingsworth was the former Penny Dyess. The nine brothers and sisters were: Ceatus, now deceased, but a resident of the Victoria Community and married to Annie Smith at the time of his death; Macon, now deceased, but a resident of Troy and married to Ida Lee Chapman at the time of his death; Shelby, now deceased, but a resident of Troy and married to Julia Griswald at the time of his death; Bruce, who is a resident of Troy and married to Beatrice Bedsole; Fred, who is a resident of Atlanta and married to Mary Ester Hayes; Coley, who is a resident of the Elba Nursing Home and married to Cora Griswald, now deceased (she and Miss Julia were sisters and married the Killingsworth brothers); Ida Lucie, who is a resident of Bradenton, Fla., and married to Glen Lucas; Connie Lou Baker, who is a resident of Phenix City, and Grady Farmer, who is a resident of the Pike Manor Apartments in Troy, and married to Foster Farmer, now deceased.

All the sisters-in-law originally lived around the Victoria Community, with the exception of Miss Beatrice, who was from Kinston.

When we asked a daughter-in-law the correct pronunciation of Miss Madie B.'s name, Vivian laughed and said it was "Madie," (rhymes with lady) and not Maddie, (rhymes with caddy), and that Miss Madie B. was quite emphatic about pronouncing her name correctly, and that in the past, when people mispronounced it she was real quick to correct them. Now, doesn't that sound just like a teacher?

On June 6, 1929, Miss Madie B. wed Mr. Essie Dudley Green, who was born October 7, 1902, the son of Will and Viola (Hartley) Green. Mr. Will was a farmer.

Mr. Essie had two brothers and one sister. They are: Howard, who lives in Elba with his wife, the former Elvie Jordan, and I must add here that if no one knows

Mrs. Madie B. Green

"Elvie," it is because she will be more widely recognized and affectionately known as "Green," who has been a "fixtured" around the square downtown, working in various stores for many years; John Loftin, who lives in Elba in Montgomery with his wife, the former Betty Clark of Elba; and Madie Lee Kendrick, who lives in Elba with her husband, Ed.

Mr. Essie also was a teacher for many years, 25-30, serving as principal of Newbia School for a number of years. He and Miss Madie B. taught at Double Head together. In 1958 Mr. Essie retired due to poor health.

Mr. Essie passed away January 15, 1962, of a heart attack.

From this happy union came those three little boys mentioned in the first paragraph. They are: Douglas, who is retired with 30 years experience in the teaching field, and was principal at Zion Chapel High School at the time of his retirement. He farms now and works part time in the Coffee County superintendent's office. He is married to the former Grace Barr, originally from Wilkinstown. She is a housewife and helps Douglas with their chicken houses.

They are the parents of two children: Larry and Karen. Larry lives at home and farms and has a one-and-a-half-year-old daughter, Ashley; Karen and her husband, David Collins, a taxidermist, lives in Wilkinstown with their two daughters - Amy, 4, and Mandi, 2. Karen is a beautician in Troy.

The middle son is Dwight, who is employed at Dorsey Trailers. He is married to the former Vivian English, originally from New Hope. She will be quickly recognized as one of the friendly, efficient and courteous employees in the probate office in the courthouse. They are the parents of two children: Ronnie and Ginger. Ronnie is employed with the county and is married to the former Vicki Gregory of New Hope. They make their home in Wilkinstown and Vickie is married to Kleiner's. They have one daughter, Wendie, who will be 4 in May. Ginger is a junior at Zion Chapel High School.

The "baby" is Donald, who works with Wiley Sanders Trucking in Troy in the repair shop. He is married to the former Anita Allen, originally from Columbus, Ga., but who moved to Zion Chapel in her early teens. She is employed at the Brundidge shirt factory, and they are the parents of one daughter, Christine, a fourth-grader at Zion Chapel.

Now, I must "tell a tale" on the "baby," as told by his oldest brother, Douglas. Actually, Vivian told me (laughingly). She said Douglas always said his mother was not as hard on Donald, him being the baby, as she was on him and Dwight because when he (Donald) misbehaved, she never made him sit on the front porch like she did Dwight and him. She'd make them sit on the front porch and tell them everybody passing by was looking at them and knew what they had done. But, according to Douglas, Donald escaped this punishment.

Another funny one - told on Dwight this time, but also attributed to Douglas and again related by a laughing Vivian. Once upon a time, about the age of 2, Dwight got mad with his mother because she wouldn't let him do what he wanted to do and he threatened to "turn the house over!" Douglas still chuckles and says to this day he can still see Dwight standing at the corner of the house with his little apron flying in the breeze, trying to "turn the house over!" Reckon Miss Madie B. made him sit on the front porch!

There is an old saying, "A son's a son 'til he takes a wife, but a daughter's a daughter all her life," but after chatting with Miss Madie, B's three sons and daughters-in-law and hearing them reminisce and discuss Miss Madie B., and witnessing the camaraderie among this close-knit family as Vivian said, "We all live as peas in a pod," I have to say that old saying surely doesn't apply in this situation: Miss Madie B. did not lose three sons - she gained three daughters! Which speaks well and very highly for Grace, Vivian and Anita.

Miss Madie B., having no daughter, according to Vivian,

taught her sons how to do things around the house, and all three men can "cook a mean meal," and are good with the old barbecue grill and most handy around the house, helping their wives with the household chores.

Wish I could say that about my two sons - who don't even have a "noddin' acquaintance" with the stove, let alone the washer-dryer! And yes, I know whose fault it is!

Miss Madie is to be commended for teaching her sons that fine art of housekeeping, and know her daughters-in-law appreciate it. "Grandma" to her own five "grands" and four "great-grands," as well as to every child at Hebron Baptist Church where she is a member, and to everyone at Zion Chapel. Everyone who has known her calls her "Grandma" with much love, respect and affection! To know Miss Madie B. is to love her.

She has been an active member of Hebron Baptist Church, having taught Sunday School classes from beginner through junior, and also playing the piano sometime for church services.

Quoting another daughter-in-law, Grace: "She liked to go to church, school activities, and visit in the community." To this, Vivian added, "She loved visiting her neighbors, and she did; but after a few minutes, she was ready to go!"

When she was able she liked sewing and crocheting and working with her flowers.

Some favorites of Miss Madie B.'s are roses, the color red, "because that is Zion Chapel's color," the season of fall, "because she liked any sports - but especially football, and she always attended every football and basketball game at ZC," and she loved "fried chicken and banana sandwiches."

In summing up the life of Miss Madie B., we'll quote Vivian: "She is a dedicated Christian woman. Her goal was to always help others, and she always put others first. She was all the time wanting to give something to others." Would it we all could be like Miss Madie B.!

No birthdays this week.

Correction to last week's Nursing Home article:

Mr. Andrew Brooks' grandfather, James P. (Jim) Brooks, died in 1928 and not 1927. Andrew's father was 85 years old at the time of his death instead of 87.

Khadafy

BY: WINZELL GRAY

There's a man in Libya
That's full of crapple.
The name of this man
Is Moammar Khadafy.

He looks to be intelligent,
But that's not much.
He's a true terrorist.
And such and such.

In the event of retaliation
He could be very swift.
We are more sophisticated -
If you get the drift.

With the spiral of violence
That's a reality around the world -
How can people live with themselves
Are their minds that frail?

We all hope that very soon
The killing will cease.
Until then we'll pray to the Lord
For total and complete peace.

The acts of horrible terror
Don't make us feel happy.
There won't be any peace
Until God intervenes with others and
Khadafy.

COLORED BACKGROUND

VOLUME 89

ELBA, ALABAMA 36323

THURSDAY, MAY 8, 1986

1 SECTION 16 PAGES [Plus 2 Inserts]

NUMBER 45

The Elba Clipper

PREPARED CITY designation was presented to the City of Elba recently. Shown above observing the posting of the signs is Mr. John Hawthorne, left, director of the Community Development division of the Alabama Department of Commerce. Erecting the sign is Kenneth Grantham, president of the Chamber of Commerce, and Mayor Bob English.

Bike-a-thon set for Saturday in Elba

On behalf of the Elba City Council and the citizens of Elba, Mayor Bob English has proclaimed Saturday, May 10, as "Cystic Fibrosis Day" in the city of Elba. A Cystic Fibrosis bike-a-thon will

be held Saturday beginning at 10 a.m. at the Elba Recreation Center, and everyone is encouraged to sponsor a biker or make a donation to help fight this dreaded disease!

Dickinson states cutbacks won't affect civilians

The recently announced cutback at Ft. Rucker is a source of major concern in Elba as well as the entire Wiregrass area. In a recent letter to The Elba Clipper from Congressman Bill Dickinson, Congressman Dickinson stated cutbacks would not affect civilian workers.

Following is a copy of Dickinson's letter, which pertains to all residents of this area:

A great deal of attention has been given recently to the announced \$10 million cutback in flight training at Fort Rucker. I want to take this opportunity to explain the situation and try to alleviate some of the concern expressed by the communities surrounding Fort Rucker.

First of all, the \$10 million reduction is not expected to affect the Army's civilian work force. The 25 percent figure that has been bandied about applies only to the reduction in the number of students who will participate in the flight training program at Fort Rucker during the remaining five months of

fiscal 1986 year ending on September 30. Further, those reductions in flight training, represent only 1.5 percent in a total budget of \$640 million which Fort Rucker is slated to receive.

As Congressman from the Wiregrass, I have been in contact with General Parker and the Pentagon on this issue and they are aware of my strong concern for the welfare of the base and the surrounding communities. Together, the General and I are determined to work together on this and other issues to ensure that the effects of any reductions are kept to a minimum.

Fortunately, my work in Congress and the support of my colleagues over the years have made the missions of both Fort Rucker and Maxwell/Gunter centrally important to their respective services. Rucker is the center of Army Aviation, which was recently made a separate branch of the Army. Maxwell is the center of Education for the Air Force and Gunter is the central importance to Air Force communications.

The only personnel cuts that

might be made for this year, and those are uncertain, would be made by those companies who contract their services to the Army at Fort Rucker. Those companies would include Sikorsky, which holds the contract for helicopter maintenance; DWS, holder of the flight training contract; and Epps, which contracts for the supply of fuel to the base.

The level of funding for next year, though, remains undetermined as Congress tries to meet the requirements of the Gramm-Rudman because of its unfair impact on our nation's defense, but it is law, and we must live with its required reduction, both good and bad.

There is no danger in my mind, however, that either Fort Rucker or Maxwell/Gunter will suffer permanently from the Gramm-Rudman cuts that are planned. In fact, their stature in our defense structure will ensure that they suffer less than most of the other bases across the country because they are vital to our national security.

Congressman, Bill Dickinson

Former Elba resident honored at ESJC by SCAH

Frank J. Clark, counselor at Enterprise State Junior College, was honored recently by the Junior College Linkage Advisory Board at UAB's School of Community and

Allied Health (SCAH) for his service on the board and to the statewide linkage program. Clark served as linkage coordinator at ESJC for 15 years.

He was presented a plaque and a certificate recognizing his contributions while a member of the Advisory Board. The resolution recognized Clark for "using his medical knowledge, background and educational training to direct young men and women into careers in allied health... (Clark) was instrumental in development and growth of the linkage."

The SCAH Junior College Linkage is an educational agreement between UAB and Alabama's associate degree-granting institutions. Students attend a year at the local school, such as Enterprise State, then transfer to UAB's School of Community and Allied Health. After completing this study and clinical experience, the students receive an associate degree from the junior college and a certificate of completion from the SCAH program.

The creation of a Frank J. Clark scholarship to be presented to an ESJC Linkage student was also announced at the meeting. The first recipient of the scholarship will be announced at ESJC's Honors Day on May 22.

L-R: Dr. Keith D. Blayney, dean of SCAH; Clark; Gary Uitz, director of UAB's pre-enrollment services. Clark was presented with a plaque and a resolution.

City of Elba passes recertification for prepared city with flying colors

Elba Chamber of Commerce Executive Director Gene Kennett proudly announced last week that "The City of Elba has passed its recertification for prepared city status with flying colors."

A five-member inspection team arrived in Elba on Tuesday, April 29, and viewed a video presentation highlighting the city. The team later took a riding tour of the city which included visits to

the hospital, residential areas, existing industries, proposed industrial sites, municipal areas, schools and the Hawkins-Williams Park. A tour was also conducted at the Elba Packing Company.

Following the tours, the inspection team was very complimentary of the cleanliness of Elba and one member praised the friendliness of the police department.

Minor "constructive criticisms" received included a need to paint the fire hydrants and the need to extend the airport runway.

Prior to leaving the inspection team was unanimous in its approval for recertification, and took part in a small ceremony at one of the city's "Prepared City" signs.

Members of the team were John Hawthorne, Victor Wyatt, Wilson Lee, Ed Pitchford and Larry Gardner. Elba's "sales team" included Bob English, D.M. English, Kenneth Grantham, Barry Giles, Tom Maddox and Mike McGuire.

Elba man drowns at rural swimming hole while saving life of teenager

A 36-year-old Elba man drowned over the weekend at a popular swimming hole in north Coffee County after rescuing a 16-year-old boy from a similar fate.

According to Coffee County Sheriff's Dept. authorities, Lester L. Bundy of Elba was swimming with friends at Big Creek (Thames Bridge) on Saturday, May 3, when his ex-wife's nephew apparently swam out in deep water and began to drown. Bundy dove in to help the young man and was able to get the boy out of the deep water. However, Bundy reportedly went underwater

after saving the boy and never again came to the surface.

Betty Ann Spurlin, the victim's ex-wife, went to the road and flagged down David Bell, who was passing by. Bell dove in and twice came up

for air before finding Bundy on the bottom of the creek in approximately 10 feet of water.

Bell attempted to revive the victim, who had been under water 10 minutes, but all efforts failed.

Alabama voters will get chance to talk with candidates on call-in TV

Beginning Sunday evening, May 18, at 6:30, and running until Friday, May 23, Alabama Public TV will pre-empt most of its regular prime-time programs to provide the voters of the state of Alabama an opportunity to see and hear, as well as question, the candidates for the major races in the June primary election.

Each evening, competing Democrats and Republicans for the offices of governor, lieutenant governor, attorney general, secretary of state, treasurer and U.S. Senate will appear individually in half-hour segments. Over 25 candidates will participate and viewers will have an opportunity to question each candidate via live call-in.

This may be the only time during the entire election season that voters will have the opportunity to see all the candidates on television on the same night. Each candidate will be allowed to promote their goals and platforms for comparison, and viewers can see how they respond in a live format situation. Viewers also may call collect at 205/261-2786 during the question and answer period.
